Dear User,

Thank you for choosing SafeBox Wallet. This SafeBox Wallet Terms of Service ("Agreement") is made between you ("you" or "User") and SafeBox Wallet Foundation Ltd. ("SFBW" or "we") and is legally binding between you and SFBW.

SFBW hereby reminds you that you must carefully read the full content of this Agreement and other documents mentioned in this Agreement before using SafeBox Wallet ("SafeBox Wallet" or "App"). Particularly, you must carefully read the section of "Disclaimer and Limitation of Liability" and other sections which are displayed in bold. You must make sure that you fully understand the whole Agreement and evaluate the risks of using SafeBox Wallet on your own. In addition, SafeBox Wallet can be downloaded on mobile application platforms, including but not limited to Google Play and App Store.

I. Confirmation and Acceptance of this Agreement

1.1 You understand that this Agreement and other relevant documents apply to SafeBox Wallet and the Decentralized Applications ("DApps") which are developed and owned independently by SFBW on SafeBox Wallet (and excluding DApps developed by third parties).

1.2 After you download SafeBox Wallet and start to create or import wallet, you are deemed as having read and accepted this Agreement, which shall cause this Agreement to become effective and legally binding on both you and SFBW immediately.

1.3 SFBW may, at its sole discretion, modify or replace this Agreement at any time. The modified Agreement will automatically take effect once it is posted on SafeBox Wallet and you will not be notified separately. If you do not agree with the modifications, you shall cease to use SafeBox Wallet immediately. Use of SafeBox Wallet by you after any modification to this Agreement constitutes your acceptance of this Agreement as modified.

1.4 If you are under 18 years old or you are a person of no capacity for civil acts or a person of limited capacity for civil acts, please use SafeBox Wallet under the guidance of your parents or guardians.

II. Definitions of services

2.1 **SafeBox Wallet:** refers to the blockchain-based digital wallet, including other supporting tools developed to help users access the blockchain system.

2.2 **Excluded Persons:**

(1) Persons other than natural persons who have the legal and conscious capacity to enter into this Agreement;

(2) Users who are prohibited, restricted, unauthorized or ineligible to use SFBW (as defined herein) in any form or manner (in whole or in part) because of the Agreement, the law, regulatory requirements, or the provisions of the jurisdiction applicable to such User. To avoid confusion, Chinese users also fall in the category of "Excluded Persons";

(3) You further represent that you are not the subject of economic or trade sanctions administered or enforced by any governmental authority or otherwise designated on any list of prohibited or restricted parties

2.3 **Identity:** refers to the digital identity generated based on your public and private keys.

2.4 **Create wallet:** refers to the process of creating or importing wallets with SafeBox Wallet after you accept the Agreement.

2.5 **Tool-tip:**refers to messages that appear on SafeBox Wallet interfaces instructing users on the operative process, including relevant procedures and steps.

2.6 **Specific users:** users who are required to cooperate with us and to fulfill their obligations to disclose personal information in accordance with the laws, regulations and policies.

2.7 **Keystore:** a file of encrypted private key or recovery phrase. It is only stored on your device and will not be synced to the company's server.

2.8 **Digital tokens:** refers to the digital tokens currently supported on SafeBox Wallet, including but not limited to TRX, BNB, USDT, etc.

2.9 **Personal information:** refers to all kinds of information recorded electronically or otherwise that can identify the user's personal identity alone or in combination with other information, including but not limited to the natural person's name, telephone number, email address, wallet address, operation records, transaction records, etc., but excluding a user's wallet password, private key, recovery phrase, and Keystore.

2.10 **Third-party services:** refer to all products and services offered by third parties such as third-party DApp, smart contracts, open-source protocols, hardware wallets, web pages, exchanges, etc.

III. SafeBox Wallet service (hereinafter referred to as "SFBW")

3.1 **Transfer/receive fund:**You are able to manage digital tokens with the transfer and receiving features on SafeBox Wallet. Transfer in effect is the process where the payer transfers funds to the recipients with their ENS domains or blockchain addresses. The transfer is the validated record in the distributed ledger of related blockchain systems (rather than transfer of digital tokens on SafeBox Wallet).

3.2 **Manage digital tokens:** You are able to add, save or remove digital tokens supported by SafeBox Wallet (except TRX) on the SafeBox Wallet interface.

3.3 **Instant swap:** Digital token swap among users can take place and be completed via third-party smart contracts. SafeBox Wallet serves as an interface tool to help users interact with the third-party smart contract and display the corresponding results of the swap.

3.4 **Transaction records:**We will copy all or part of your transaction records through the blockchain system. But the record will be subject to the records of the blockchain system.

3.5 **Suspend service:** You are aware that under certain circumstances we can suspend or restrict your operations on SafeBox Wallet, despite that we cannot cancel or revoke your transactions due to the "irrevocable" nature of transactions on blockchain.

3.6 Other services deemed necessary by us.

By accepting service provided by the Company, you are aware and accept that:

（1） In order to adhere to the characteristics of decentralization of the blockchain and protect users' digital token, the Company provides decentralized services that are drastically different from financial institutions in the banking industry. Users understand that the Company does not provide the following services:

a. store users' wallet passwords (i.e. passwords that a user set when creating an account/importing a wallet), private keys, recovery phrases, or keystores;

b. recover users' wallet passwords, private keys, recovery phrases, or keystores;

c. freeze a wallet;

d. report a lost wallet;

e. restore a wallet; or

f. rollback transactions.

（2） You are responsible for keeping a mobile device with your SafeBox Wallet app, backing up SafeBox Wallet, and backing up your wallet password, recovery phrase, private keys, and Keystores. If you lose your mobile device, delete your SafeBox Wallet or wallet that has not been backed up, have your wallet stolen, or forget your wallet password, private key, recovery phrase or Keystore, we will not be able to restore your wallet or recover your wallet password, private key, recovery phrase or Keystore; We cannot cancel transactions and shall not be liable

for any mistake made by the user during transactions (such as entering a wrong transfer address or a wrong swap amount).

（3）Please back up your wallet password if you use the password-free payment feature on SafeBox Wallet. You will need to setup trading pin and two-factor authentication pin in order to do any transaction in SafeBox Wallet.

（4）Digital token management services provided by SafeBox Wallet and the Company do not cover all the existing digital tokens. Please do not use any tokens that are not supported by SafeBox Wallet.

（5）The instant swap feature provided on SafeBox Wallet is, in essence, the digital token swap conducted by the user on the blockchain system using third-party smart contracts. SafeBox Wallet only provides users with the tools to use SFBWs offered by third-party smart contracts and does not provide any warranty for the functions or service quality of them. Users shall assess the risk before accepting services or performing transactions on third-party smart contracts. Users should carefully read and consent to the constantly updated User Agreement relating to smart contracts.

（6）Users who are not familiar with blockchain should not use the platform so that they can avoid any misuse of token wallets or any security risks associated with digital tokens. The Company reserves the right to refuse to provide part or all of SFBWs for users who do not have basic knowledge of blockchain.

（7）Users understand that the Company will suspend or terminate its services in the event of the followings:

a. The platform cannot operate properly due to technical reasons such as maintenance of equipment and blockchain system, upgrade, breakdown, and communication outage;

b. The platform cannot provide services that it deems as highly risky due to force majeure;

c. Changes in applicable laws or policies that have material adverse effects;

d. Other circumstances that cannot be controlled or reasonably foreseen by the platform.

（8）If the platform changes, suspends or terminates its services, users have the right to export their wallet information within a reasonable time.

IV. Create a wallet

4.1 Users must create a wallet on the platform before using the services of the platform.

4.2 This User Agreement will need to be ticked when users create a wallet for the first time. Clicking on "I Agree" means the user or the agency to which the user is entitled to act as the agent agrees to all the provisions of and are bound by this Agreement.

4.3 Before or after creating a wallet, the platform reserves the right to refuse to provide the services to users in accordance with the requirements of laws, regulations, rules, orders and other norms of the country or region where the users are located.

4.4 You hereby commit the followings:

(1) You create a wallet and use the services of the platform for legitimate purposes, and do not intend to use the platform as a medium violating any laws or regulations;

(2) You guarantee that the digital assets deposited in your SafeBox Wallet are from legitimate sources;

(3) In addition to this Agreement, you shall also abide by all rules published and updated by the platform from time to time, including but not limited to announcements, process instructions, risk alerts, etc.

4.5 In the event of breach of the commitments set forth in Section 4.4 of this Agreement:

(1) The platform reserves the right to suspend or deny users access to part or all of the platform's services. In this case, the platform shall not be liable and the user agrees to bear any direct or indirect expenses or losses incurred thereby;

(2) Users shall be liable for any direct or indirect losses and adverse consequences arising from the breach of their commitments, and the platform reserves the right to hold users accountable.

4.6 All users use the services of the platform voluntarily. The platform does not coerce, induce, deceive, or influence users by any unfair means.

V. Risk reminders

5.1 You understand and acknowledge that digital tokens may entail substantial risks such as technical instability or being non-cashable due to inadequate laws and regulations in this respect. You also understand that the volatility of digital tokens is much higher than those of other financial assets. You are advised to choose to hold or dispose of any digital tokens in a rational manner based on your financial status and risk appetite.

5.2 If you or your counterparty fails to comply with the operating instructions and rules specified in this Agreement or those described on the website, transaction, and payment pages when using the SafeBox Wallet Service, the Company does not guarantee successful execution of the transaction and will not be liable for any damages incurred. If the foregoing occurs and the funds are credited beforehand to your or your counterparty's SafeBox Wallet or a third party's wallet, you understand that operations on blockchain are "irreversible" and that the relevant transaction is "irrevocable", and that you and your counterparty shall bear the consequences.

5.3 You understand and acknowledge that swaps and spot transactions are both initiated, executed, and completed on a third-party smart contract. SafeBox Wallet serves only as an interface tool to help users interact with the third-party smart contract and display the corresponding results of completed transactions.

5.4 When accessing third-party services through SafeBox Wallet, the Company strongly recommends that you carefully read the User Agreement, Privacy Policy, and other relevant documents and information on such third-party services, understand the other party of the transaction and the product, and carefully assess the risks involved before making transactions on such third parties. You understand that the transaction and the contractual relationship established is between you and your counterparty and does not concern the Company. The Company is not liable for any risks, liabilities, losses or expenses arising out of your trading.

5.5 When transferring your digital tokens to another wallet address, you shall determine for yourself whether the other party is a person of full civil capacity during the transaction and decide for yourself whether to make a transaction with or transfer money to the other party, etc.

5.6 When seeing abnormal information such as "transaction failed" or "block production timeout" during fund transfers, you shall double confirm through the official channels of the blockchain or other blockchain query tools to avoid repeated transfers; otherwise, all losses and expenses incurred shall be borne by you.

5.7 We recommend that you use SafeBox Wallet in a safe network environment and make sure your mobile device is not jail-broken or rooted to avoid potential security risks.

5.8 Please stay alert to scams when using SafeBox Wallet. You are encouraged to inform us at the first sight of any suspicious behavior.

VI. Change, Suspension, Termination of SFBW Service

6.1 You acknowledge and accept that SFBW may, at its sole discretion, provide only a part of services for the time being, suspend certain services or provide new services in the future. When we change our services, your continuous use of SafeBox Wallet is deemed as your acceptance of this Agreement and revisions of this Agreement.

6.2 You understand that SFBW may suspend services under the following circumstances:

   a) due to the maintenance, upgrading, failure of equipment and blockchain system and the interruption of communications etc., which lead to the suspension of the operation of SafeBox Wallet;

   b) due to force majeure events including but not limited to typhoon, earthquake, tsunami, flood, power outage, war, or terrorist attacks, or computer viruses, Trojan Horse, hacker attacks, system instability or government behaviors and other reasons, SFBW is unable to provide services or in SFBW' reasonable opinion, continuous provision of services would result in significant risks;

   c) due to other events which SFBW cannot control or reasonably predicate.

   d) SFBW reserves the right to unilaterally suspend or terminate all or part of the function of SafeBox Wallet under the following circumstances:

      a. death of Users;

      b. if you steal others' wallets information or mobile devices;

      c. if you provide false Personal Information on SafeBox Wallet or cheat on Questionnaire;

      d. if you refuse to allow mandatory update of SafeBox Wallet;

      e. if you use SafeBox Wallet to commit illegal or criminal activities;

      f. if you hinder the normal use of SafeBox Wallet by other Users;

      g. if you pretend to be staff or management personnel of SFBW;

      h. if you threaten the normal operation of SFBW computer system by attack, invasion, alternation or any other means;

      i. if you use SafeBox Wallet to send spams;

      j. if you spread rumors which endanger the goodwill of SFBW and SafeBox Wallet;

      k. if you conduct any illegal activities, breach this Agreement etc. or other circumstances under which SFBW reasonably considers necessary to suspend services.

6.3 You are entitled to export your wallets within a reasonable amount of time if SFBW changes, suspends or terminates its services.

VII. Disclaimer and Limitation of Liability

7.1 SFBW only undertakes obligations expressly set forth in this Agreement.

7.2 YOU ACKNOWLEDGE AND ACCEPT THAT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, SafeBox Wallet IS PROVIDED ON AN "AS IS", "AS AVAILABLE" AND "WITH ALL FAULTS" BASIS. SFBW shall not be held liable for malfunction of SafeBox Wallet which results from the following reasons:

    a) system maintenance or upgrading of SafeBox Wallet;

    b) force majeure, such as typhoon, earthquake, flood, lightning or terrorist attack etc.;

    c) malfunction of your mobile device hardware and software, and failure of telecommunication lines and power supply lines;

    d) your improper, unauthorized or unrecognized use of SFBW services;

    e) computer viruses, Trojan Horse, malicious program attacks, network congestion, system instability, system or equipment failure, telecommunication failure, power failure, banking issues, government acts etc.;

    f) any other reasons not imputed to SFBW.

7.3 SFBW shall not be held liable under the following circumstances:

    a) Users lose their mobile devices, delete SafeBox Wallet applications and wallets without back-up, forget Wallet Passwords, Private Keys, Mnemonic Words, Keystores without back-up, which result in the loss of their Tokens;

    b) Users disclose their Wallet Passwords, Private Keys, Mnemonic Words, Keystores, or lend or transfer their SafeBox Wallet to others, or authorize others to use their mobile devices or SafeBox Wallet, or download SafeBox Wallet applications through unofficial channels, or use SafeBox Wallet applications by other insecure means, which result in the loss of their Tokens;

    c) Users mishandle SafeBox Wallet (including but not limited to wrong address, failure of the node servers selected by you), which result in the loss of Tokens;

    d) Users are unfamiliar with the knowledge of blockchain and their mishandling of SafeBox Wallet results in loss of their Tokens;

    e) SafeBox Wallet is unable to copy accurate transaction records due to system delay or blockchain instability etc.;

7.4 Under the registration method using SafeBox Wallet mobile phone number and email address (the effective decentralized solution under the EOS system), users can choose to export the private key. The property damage arising from loss or stolen private key after the user changes the authority of Owner and Active shall not be borne by SFBW in any way.

7.5 Under the default mode of the registration method using SafeBox Wallet mobile phone number and email address (the effective decentralized solution under the EOS system), if the private key cannot be retrieved through mobile phone number due to the user's causes (such as the user cannot gain a new SIM card), SFBW will not provide the service to retrieve the private key.

7.6 Property loss caused by users themselves (including but not limited to loss of mobile phone number, email address, the disclosure of the verification code, publication of the private key by the user, and the user's personal information being hacked) shall not be borne by SFBW in any way.

7.7 Users shall undertake the risks and consequences of their transactions on the third-party-developed DApps.You understand that SafeBox Wallet is only an management tool for Tokens

which is incapable to control the quality, security and legitimacy of products and services provided by the third-party-developed DApps, or the authenticity and accuracy of their information and their capabilities to fulfill the obligations under the agreements with you. You, at your sole discretion, decide whether to transact on the third-party-developed DApps. It is the third-party-developed DApps, instead of SafeBox Wallet, that transact with you. We kindly remind you to carefully review the authenticity, legitimacy, and effectiveness of related information provided by the third-party-developed DApps before you decide to use the DApps. In addition, you shall also assume all the risks arising from the transactions between you and any third party exchanges.

You acknowledge that SafeBox Wallet may provide services to you and your counterparties simultaneously and you agree to waive any actual or potential conflicts of interests and will not claim against SFBW on such base or burden SFBW with more responsibilities or duty of care.

VIII. SFBW does not warrant that:

a) services provided by SFBW would satisfy all your needs;
b) all techniques, products, services, information or other materials from SFBW would meet your expectations;
c) all the transaction information in digital tokens markets captured from the third party exchanges are prompt, accurate, complete, and reliable;
d) your counterparties on SafeBox Wallet will perform their obligations in the transaction agreements with you timely.
e) in any case, the total liability for SFBW under this Agreement shall not exceed the greater of:
    a. 0.1 Ether;
8.1 You are aware that SafeBox Wallet is only a tool for Users to manage their Tokens and to display transaction information. SFBW does not provide legal, tax or investment advice. You shall seek advice from professional legal, tax, and investment advisors. In addition, SFBW shall not be liable for any investment loss, data loss etc. during your use of our service.
8.2 You understand that we may change our entry standards, limit the range and ways to provide services for specific Users etc. at any time in accordance with relevant laws and regulations.

IX. Entire Agreement

9.1 This Agreement incorporates SafeBox Wallet Terms of Service, SafeBox Wallet Privacy Policy, and other rules (including contents in the "Support" column) posted by SFBW from time to time.
9.2 If any provision of this Agreement is found by a court with competent jurisdiction to be invalid, the other provisions of this Agreement remain in full force and effect.
9.3 This English version and other translated version of this Agreement (if any) are provided for the convenience of Users, and are not intended to revise the Chinese version of this Agreement.

This Agreement shall become effective on 1st Oct, 2022.

As for any issues not covered in this Agreement, you shall comply with the announcements and relevant rules as updated by SFBW from time to time.

SafeBox Wallet Ltd.
